Mercedes has a model for everyone and every niche ? small cars, big cars, SUVs, vans, buses, supercars and the Unimog. The Unimog truly defies a complete explanation. No single consumer can comprehend the myriad of capabilities that these machines possess. The standard U500 Unimog would have been the ultimate vehicle in the movie Dante?s Peak. If you?ve never seen it, the Unimog would have been racing up a mountainside road covered in volcanic ash, saving the family from lava rushing to destroy their house, fording a river on the way back down while using its winch to save a puny National Guard Hummvee ? all in a day?s work.[...]
