Everything about the world turns a nice, happy shade of pink when you've got more money than common sense.

Youtube user JustinsSupercars has brought this interesting little aftermarket creation, a matte red Mercedes SL65 Black Series, the most hardcore of all hardcore SLs. It's strange, but the car is so hot that the video has literally burned its way onto our retina, leaving a pink afterimage... or is that because it's filmed at night.

Among some of the significant changes over the regula... [...]
