Wolfrace Myvi Design Concept: Mild Perodua Tuning

23/09/2011 17:11 by admin

Ladies and Gents, you are looking at the Myvi Wolfrace Design Concept, an aftermarket development created by Perodua and the Wolfrace custom wheel specialist.

We are basically talking about a Perodua Myvi, which has had its road connection upgraded, receiving a lowered suspension that uses Eibach springs, as well as a set of 16-inch Wolfrace Shark Alutec 5-spoke lightweight alloy rims that use low profile Falken tires.

The vehicle also comes with exterior and interior modifications, such [...]
