Can a Lamborghini Gallardo be a sleeper? You don't need to be... anything, to know that the answer to the aforementioned question is a big, fat NO! At least this is what people thing. However, appearance can be deceiving. Let us explain.

Let's say that you pull up to the Gallardo LP-570 Supperleggera in the adjacent images at the traffic lights. Maybe you're driving the Aventador, Lambo's new toy that everybody is talking about. You'll probably think that you can own the guy next to you just ... [...]
