This Flashy Ferrari 360 Spider will Leave You? BedazzLED

09/12/2011 18:44 by admin

For some bizarre and unexplainable reason, certain owners of Italian exotic supercars think that adding myriads of LEDs to their vehicles is a very cool idea. After the colorful Lamborghini Diablo and its super-LED trimmed Ferrari F458 counterpart, we bring you yet another bright creation, this time a Ferrari 360 Spider with more flashing lights than a 1990s rave party in Amsterdam? Videos follow after the break.[...]
