BMW M3 Gets Vossen Wheels [Video]

08/06/2012 14:51 by admin

The current BMW M3 is approaching the end of its life with every new mile the F30 M3 test vehicle completes, but it still feels as fresh as it was when it was launched and one good indicator for this is the high level of attention it gets from aftermarket developers. The latest tuner to target the E92 Me is Vossen Wheels, which has gifted the coupe with a set of its goodies. The company has released a video that shows a red M3 wearing a s... [...]
