

Project Kahn Does its Thing on the Jeep Wrangler

09/04/2011 21:54 by admin

The tuners over at Project Kahn have released photos and details on their latest offering based on the Jeep Wrangler. The restrained tuning programme is limited to a cosmetic touch up of the popular 4x4 model. On the outside, Project Kahn's team added a set of new 20-inch RS alloy wheels wrapped around beefy 275/55 tires. Upon request, the Wrangler can be finished in either black or silver with matching alloy wheels.[...]
