

MTM Drops Some Power Upgrades to Audi A7 Sportback TDI

02/08/2011 01:03 by admin

After Senner Tuning's recent take on the Audi A7 Sportback TDI, MTM is next in line to offer its services to the diesel-powered model. In regular factory trim, the A7's 3.0-liter V6 turbocharged diesel engine churns out 245-horses and 500Nm (369 lb-ft) of peak torque. The German tuning firm offers buyers two different options, the first pushing output to 285HP and peak torque to 580Nm (427.8 lb-ft), and the second to 300-horsepower and 600Nm (442.5 lb-ft) respectively.[...]
