

MR Car Design Spiffs Up the Renault Clio RS

20/09/2011 18:44 by admin

The Renault Clio RenaultSport or RS 200 for short is considered to be one of the best small hot hatches in Europe. German tuning house MR Car Design believes it can make it a little bit better with a selection of very mild modifications. MR Car Design starts with the Renault Clio RS 200's 2.0-liter, naturally-aspirated four-banger that produces 200-horses in factory tune. After the fitting of an optimized ECU and a custom exhaust system that includes the Akrapovic-Evolution-System, output is pushed to a more potent 220-horsepower.[...]
