The Lamborghini Gallardo you see in the adjacent images seems to be a mixture between camouflage and glamouflage but let's get into the details and see what this car is all about.

We are talking about a first-generation Gallardo, which has received the aforementioned coat from Cam-Shaft Premium Wrapping and has also been gifted with a dark finish for the rims and a set of LED daytime running lights.

Dubbed Lamborghini Gallardo Koi Camouflage, the vehicle belongs to Steffen Korbach, the man... [...]
