Many automotive enthusiasts lust for a supercharged AMG vehicle and German tuner Vaeth is now here to quench this thirst by giving us the V63 Supercharged Tuning Kit.

Besides the supercharger, the 6.2-liter V8 has been gifted with an intercooler, a stainless steel exhaust and, of course, a new ECU map. Thus, the unit now delivers 680 hp and a peak torque of 620 lb-ft (840 Nm), instead of the stock 457 hp and 443 lb-ft (601 Nm).

This allows the vehicle to complete the 0 to 62 mph spring in ... [...]
