

It's all About the Air: MR Car Design's Low Riding Volkswagen Caddy Maxi

22/12/2011 16:18 by admin

Last year, Volkswagen presented a mild facelift for its compact-size Caddy series that includes a commercial variant and a passenger model, both of which are offered with a regular and a long wheelbase. German tuning firm MR Car Design has introduced a new package for the LWB passenger variant, the highlight of which is an air suspension system for both the front and rear axles.[...]
