

Elia Targets Twingo Facelift and Megane Coupe

03/01/2012 19:49 by admin

Renault make some of the most fun and the fastest cars for the money, and while the build quality of these French boxes might sometimes come into focus, they are improving.

But there is a distinct lack of aftermarket parts for the Twingos, Clios and Meganes, especially when you compare the offering for Audis or VWs. But the German tuning firm Elia has revealed a whole bunch of parts for parts for both the facelifted 2012 Twingos and the Megane coupe.

For the subcompact, Elia has come up wi... [...]
