

ABT Sportsline Does the Audi A4 Facelift, S4 gets up to 435HP

27/01/2012 18:48 by admin

Whenever Audi presents a new or a revised model, ABT Sportsline follows up with a host of upgrades. The refreshed Audi A4 / S4 sedan is no exception to the rule with the German tuning firm offering a number of styling and performance parts and accessories. To give a more aggressive look to the facelifted A4's exterior, ABT designed a new aero kit that includes a front apron, rocker panels, a rear apron and diffuser combo, side air vents plus a three-piece boot lid spoiler that wraps around the body.[...]
