

## How to Turn Your Car into a Hot Wheels Toy [Video]

27/03/2012 18:24 by admin

The Honda Accord Crosstour comes with certain assets, but its exterior design definitely isn't one of them. However, the adjacent video shows us an example of the car that, to our eyes, looks like a Hot Wheels toy.

The vehicle has only received a few mods, but these bring an important visual change. At the heart of the transformation process, we have a set of Vossen Wheels. We are talking about the VVS-CV3 model, which come in a 20-inch size and use a concave design and a matte silver machined... [...]
