

Russian Tuner Makes Jaguar XJ Anti-Chrome Statement

02/05/2012 12:32 by admin

Jaguar's cars might not be the most modern or efficient on the market, but the truth is they are among the few automakers with a pulse right now. Their future plans include several possible dilutions of the brand, including a crossover and a rival for the MINI hatchback, but for now, their image is intact. So even though the XJ is a big car, you can still use sporty accents to give it false credentials and people won't... [...]
