

Lamborghini Aventador on ADV.1 Wheels Teased

20/06/2012 11:48 by admin

Advance One Wheels has been hyperactive lately and it seems that the aftermarket developer just doesn't know which new supercar to get its hand on quicker. For now, ADV.1 Wheels has settled for the Lamborghini Aventador and has released a few teaser images for the project. As you can see in the pictures, the US wheel specialist has gone for a five-spoke design that only appears to be simple, but actually uses complex lines, whi... [...]
