

2014 Chevrolet Impala Gets Vossen Wheels [Video] [Photo Gallery]

28/08/2013 12:04 by admin

The Impala is a car that most American have heard or driven at some point. Sales are never going to be what they used to in the boom days, but that doesn't mean Chevy shouldn't try to make a good fullsize sedan. It's obvious that with the 2014 model, the designers were very wheel-oriented. To make us forget those 2012 rental cars, they gave it huge alloys and a very large front grille. It's a... [...]
