

## **Fox Body Mustang Front Control Arms Now Available Through Late Model Restoration**

05/03/2014 21:39 by admin

Late Model Restoration has announced the introduction of brand new front control arms for the third-generation Ford Mustang. Available for \$349.99, the kit includes both the left and right hand control arm with rubber bushings and ball joints pre-installed for a bolt on replacement. The parts are made from stamped steel, just like OE arms, and can be ordered as we speak. The front lower control arm kit fits just...
