

Volkswagen Golf R by ABT Sportsline

26/09/2014 12:09 by admin

The Volkswagen Golf is one of VW's cornerstone models. I don't think anybody will dispute that, given the model's been around for seven generations. The Golf has been and continues to be loved by millions of Volkswagen fans all over the world. You might even say that ABT Sportsline falls into that group. The German tuner's affection for the Golf is well documented, so it comes as no surprise that ABT has once again turned its attention to the Golf. Actually, the Golf R is the subject of ABT Sportsline's latest program. You all know what that means, right? Expect plenty of power under that hood. In the interest of full disclosure, ABT did not disappoint. The program also has the traditional aerodynamic upgrades, as well as a new set of wheels.[...]
