

NOVITEC ROSSO Bi-Kompressor V12 Engine for Ferrari 599 GTB Fiorano

04/01/2009 18:01 by [click here for more information](#)

A maximum rated power output of 808 hp / 594 kW, a peak torque of 823 Nm and a top speed of more than 340 km/h, all the result of a high-tech twin compressor conversion: NOVITEC ROSSO endows the Ferrari 599 GTB Fiorano with even more superlatives through professional tuning.
