

## Ford Focus ST Facelift by JMS Racelook

13/08/2009 19:07 by admin

JMS Racelook of Germany has presented its appearance package for the 2008 Ford Focus Facelift and the Focus ST Facelift.

The aerodynamic kit for the Ford Focus Facelift includes sporty front lip (&euro; 249), side skirts (&euro; 299), and rear apron (&euro; 299). The car is equipped with Stoffler Autotechnik 4-pipe high-grade steel exhaust system (&euro; 970).

The aerodynamic kit for the Ford Focus ST Facelift meanwhile consists of sporty front lip (&euro; 249), rear apron with diffuser (&euro; 299) and fender design corners in 2009 Focus RS style available in carbon or black (&euro; 149). The exhaust system has been upgraded to Stoffler Autotechnik duplex high-grade steel exhaust System (+ 5-8 HP) with tips 1x100mm (&euro; 1079).

Both cars come with H&R lowering springs (&euro; 181) that lowers the front by 40 mm and the rear by 35 mm.

The cars stand on Tomason TN6 8.5x19-inch wheels wrapped with 225/35 19 tires (&euro; 1599).
