

Lamborghini Murciélago by JB Design

20/10/2009 12:16 by admin

JB Design of Germany has unveiled its modified version of the Lamborghini Murciélago LP 640 known as LP 640 JB-R. The V12 engine produces 525 kW (714 hp) after Power Level I for €28,000 and 552 kW (750 hp) at the seconds level. The LP 640 JB-R reaches its top speed at 370 km/h while the gears are changed using a F1 steering wheel rocker switch.

At the exterior, the JB Car Design Lamborghini LP 640 JB-R features patent registered "Blood to Black Diamond" finishes and JB Car Design aerodynamic package that consists of new front and rear spoiler, rear diffuser, air intake in the front, side coverings, side skirts, new front opening hood and engine hood.

The supercar stands on three-part 20-inch Schmidt Revolution aluminum wheels with hardened outer rim made of stainless steel wrapped with Michelin 265/30-20 tires at the front and 335/30-20 tires at the rear. Other feature includes a built-in flap controlled sport exhaust system where the sound can be changed at a push of a button.

Inside, the LP 640 JB-R features dark red Ultrasuede and black smooth leather in bi-color and carbon fiber trim. For €2,370, the windshield, back and side windows can be tinted with black film approved by the Technical control board.

The demo car shown is priced at €355,000 while the brand new JB Car Design Lamborghini LP 640 JB-R is priced at €500,000. More info available at www.jb-cardesign.de
