

RENNtech Launches Mercedes-Benz CLK 63 AMG Black Series Carbon Upgrades

07/01/2011 10:13 by admin

The C209 Mercedes-Benz CLK Coupe may have been replaced by the newer C207, but tuners aren't about to leave owners without aftermarket products. Florida-based Mercedes specialist RENNtech has just released a new aero package for the CLK 63 AMG Black Series, which includes a fully functional full carbon fiber front splitter and rear diffuser, front...
