

Mercedes CLK 63 Black Series by Renntech

07/01/2011 19:20 by admin

The Mercedes CLK has already been replaced by the E-Class Coupe, but surprisingly, it is still catching the attention of plenty of tuners. One such tuner is Renntech who have announced a new carbon aero package for the CLK 63 Black Series. The package includes a full carbon fiber front splitter, rear diffuser, DTM rear wing, carbon air box with vacuum chamber, and front carbon brake air ducts. The price for the entire package is \$15,290. [...]
