

Senner Tuning Preps Sports Package for Audi A1 1.4 TFSI with 156HP

18/01/2011 20:10 by admin

In its latest take on the new Audi A1, Senner Tuning has released a sports kit for the gasoline powered 1.4 TFSI model. The German tuning firm begins with the 1.4-liter motor which gains a new free-flow air filter, a reconfigured ECU and a custom stainless steel exhaust system. These upgrades help raise output on the gasoline engine from 122[...]
