

Silk Blaze Creates 271HP Honda CR-Z with HKS Turbocharger

24/01/2011 23:29 by admin

One of the most striking Honda CR-Z proposals at this year's edition of the Tokyo Auto Salon came from Japanese tuning firm Silk Blaze. The heavily modded concept model boasts a full body kit with a new front bumper and grille assembly, side skirts, a rear wing and a new rear bumper with additional air vents on top, plus a diffuser and[...]
