Sometimes, you can't help but wonder how much more exclusive a rare car can get if you decked it out with a new styling package. It may sound like its over-splurging, and some may not argue with that, but for other people, there's no such thing as "less is more". For these guys, bigger, brighter, and fancier is the way to go. One car that belongs to the aforementioned "rare-of-a-kind" group is the Rolls Royce Phantom Extend Wheelbase. Just by its mere presence alone, this special Phantom can already draw an audience, but if you add this exterior styling package to the Phantom EW courtesy of Wald International, then that's just rubbing it in.[...]
