

## Geneva Preshow: Lotus Joins Forces with Mansory to Tune the Evora

11/02/2011 01:42 by admin

Mastering the fine art of tuning is a complicated process and, judging by the sheer number of overkills one can see on the web every day, it's clear that only a few have what it takes to do a good job. For Lotus that special someone is Swiss tuning firm Mansory, which is responsible for the creation of an Evora concept that will be presented at[...]
