

Ferrari 458 Italia by Novitec Rosso

21/02/2011 23:43 by admin

After getting their tuning package for the Ferrari California just right, Novitec Rosso has moved on to a newer Ferrari with tons of appeal. Their new tuning package for the Ferrari 458 Italia will debut at the Geneva Motor Show and will include engine updates, plus some impressive exterior and interior modifications. The 4,499 cc V8 engine has received a few additions that allow it to jump from the standard 570 hp to a total of 609 hp. That extra horsepower is further utilized with a weight reduction of 21 kilos, helping the car reach a top speed of 205 mph (up from 201 mph)[...]
