

Audi A6 by ABT

04/03/2011 18:27 by admin

The most impressive model ABT brought at the Geneva Motor Show is the R8 GT S. But next to it the German tuner also brought a pretty impressive package for the new generation Audi A6. The package includes a pretty impressive exterior updates, but there are impressive changes made under the hood too. The exterior package includes a new side skirts, front spoiler, rear skirt insert and 4-end pipes and a new rear spoiler. No changes were made for the interior, but after all it is perfect in its standard version. For the most powerful engine in the line-up, the tuner prepares an impressive update: up to an impressive 410 HP from a standard 300 HP. However, the 3.0 TDI engine has also received two different updates, depending on customer's requirements, up to 282 HP or 310 HP from a standard of 245 HP.[...]
