

Brabus 800 Widestar is a Mercedes G-Class on steroids

10/03/2011 01:58 by admin

Designed to be the most powerful SUV in the world, the Widestar features a 6.3-liter bi-turbo V12 engine that develops 800 PS (588 kW / 788 hp) and an electronically limited 1,100 Nm (811 lb-ft) of torque.[...]
