

AC Schnitzer Shows Off Alloy Wheel Options for 2012 BMW 6-Series Coupe and Convertible Models

15/03/2011 20:01 by admin

It won't be long before we're flooded with an array of tuning proposals for the new 2012 BMW 6-Series Coupe and Convertible models (also known by their internal codenames of F13 and F12 respectively), but for now, AC Schnitzer is whetting our appetite with its alloy wheel offerings plus an aluminum cover for the iDrive system, and aluminum pedals[...]
