

New Opel Astra Sports Tourer gets the Steinmetz Treatment

17/03/2011 18:47 by admin

Opel tuning specialist Steinmetz has revealed a bevy of parts for the new Astra Sports Tourer. The German firm's offerings include aerodynamic components, a lowering kit, alloy wheels and styling elements. Go-fast features are limited to a 40mm lowering kit that has been matched to the Astra Sports Tourer's FlexRide system and the Watt[...]
