

Amari Design Crafts Supercharged Bentley Continental GT with 760-Horsepower

18/03/2011 15:57 by admin

A new company in the tuning scene called Amari Design has presented its take on the Bentley Continental GT through the release of two teaser photos. The UK-based firm's upgrade package includes a body kit, interior revisions and a variety of modifications under the hood. By adding a supercharger, a sports exhaust system and a new ECU, Amani[...]
