

Porsche 911 GT2 suffers near-catastrophic wheel-spoke break [Tuner Cars]

25/03/2011 21:13 by admin

Manufacturing defect or faulty repair? That's the debate on 6SpeedOnline over a member's rim that suffered cracks in two spokes while he was driving his Porsche 911 (996) GT2. He got extremely lucky, but what's the story? [...]
