

Ferrari 458 Italia Black Carbon Edition by Anderson Germany

06/04/2011 03:12 by admin

The Ferrari 458 Italia is not the only Ferrari model to caught Anderson Germany attention. If their first package was based on the California, their next step was the 599 GTB Fiorano and now the 458. And keeping the same trend with all their latest packages, the kit for the Italia model is called Black Carbon Edition. As it name suggest the 458 Italia Black Carbon Edition combines a black exterior paint with carbon fiber insertions and the exterior mirrors, rear diffused, air inlets and of course the new set of wheels. As for the interior, black leather and Alcantara is combined with carbon fiber inserts.[...]
