

Ferrari 458 Black Carbon Edition by Anderson Germany Goes to the Dark Side

07/04/2011 03:21 by admin

Challenging the notion that a true Ferrari has to be red, Anderson Germany has whipped up a murdered out 458 Italia with both styling and mechanical upgrades. Starting with the visible modifications, Anderson Germany's Ferrari 458 is finished in a black color and features a carbon fiber package that includes a pair of vents on the front hood, spoiler lips, rear diffuser and exterior mirrors. The German tuner also tinted the Italian supercar's windows, headlamps and taillights.[...]
