

Gemballa Mistrale

15/04/2011 22:31 by admin

In the process of rebuilding their tuning empire after the devastating loss of Gemballa founder, Uwe Gemballa, the company has arrived at the 2011 Top Marques Monaco with two new packages: the Tornado based on the new Cayenne and the 2011 Mistrale based on the Panamera sedan. Both models are defined by the most impressive design, cutting edge technology and the finest materials. For the Mistrale, Gemballa is offering two stages of engine updates. In stage one, the twin-turbo V8 engine has been tuned to deliver 610 HP and a peak torque of 626 lbs-ft. Stage two takes power to a more incredible 700 HP and 737 HP. This significant output is achieved through the use of larger turbochargers, a modified intake system, high efficiency intercoolers, sports exhaust, free-flow catalytic converters and bespoke ECU remapping.[...]
