

Chromed-out Chevrolet Camaro SS Takes Czech Republic by Storm

28/04/2011 03:21 by admin

A Czech company called Tintek promotes a chrome exterior wrap for the Chevrolet Camaro SS that will either make your eyes hurt or it will make you google their name to find out more. Tintek says the Camaro is the first chrome application of this kind in the Czech Republic, as the effect is not obtained by painting the car but by applying a special 3-D foil over the original paintwork.[...]
