The Lamborghini Gallardo is the most successful model in the Italian's company line-up, but it never hurts to get a couple of things changed here and there to make them stand out from all of the rest. Euro Koncepts has taken care of that little detail with an LP 570-4 Spyder Performante front bumper that gives the 2004-2008 model year Gallardos - including Superleggeras - a look that warrants a double take.

The front bumper was made by Renown Autostyle and fits in perfectly on the Gallardo. It comes with a real carbon fiber bottom and is priced at \$3,700, including the grills. Installing the new bumper can take up to two and a half weeks.[...]
