

Project Kahn's Lil' R8 is a dressed up Audi TT

18/05/2011 18:31 by admin

Given the huge price difference between Audi's two core sports coupe models, the mainstream TT and the niche R8, it doesn't come to much of a surprise that many tuners have tried to offer the first a taste of the latter, both in terms of performance and styling. In the case of Project Kahn's newest tuning take on the Audi TT, the goal was to flavor the small coupe with some R8 seasoning.[...]
