

Eibach and Giacuzzo Design Take on the Dacia Duster

02/06/2011 15:46 by admin

Following in the footsteps of Elia, German aftermarket specialists at Eibach and Giacuzzo Design teamed up to create a tuning package for the Dacia Duster SUV. The two companies opted for light modifications in order to stick to the basic character of the Duster and to make sure the price of the tuning package would remain affordable for the car's target group.
