

Cram a V12 into a Mercedes E-class, win powerful friends

02/06/2011 23:57 by admin

___ The boys at SpeedDriven have [pulled off quite a coup on Germany's Brabus](#), which does Merc V12 swaps like suburban fathers mow lawns. This [W211 E-Class](#)'s engine bay has gotten quite full after a recent 700-hp, EV12 swap.[...]
