

mcchip dkr Porsche 911 GT2 Unleashed

06/06/2011 19:10 by admin

The Porsche 911 is an extreme vehicle by definition, but some versions of the car are wilder than others. We are here to talk about the 911 GT2 , one of the most impressive incarnations of the rear-engined coupe. But we won't discuss the stock 911 GT2. Instead, we are going to present you mcchip dkr's vision of how the car should be. Yes, you can expect to see extreme results, as the tuner is known for its passion for sheer power and speed.

We'll start by reminding you that the standard 911 G... [...]
