

Project Kahn Unveils Audi TR8

07/06/2011 02:15 by admin

While it's still a good-looking coupe, the Audi TT looks like a better version of the A3. Meanwhile, the R8 supercar is akin to an automotive god. However, with the TT-RS's performance being so close to that of its V8-powered big brother, it becomes easy to understand why tuners are giving the hairdresser's car a performance makeover.

Judging from the project name of Project Kahn's latest creation, you would think this is just another kit for the R8. But take a closer look and you should be [...]
