

Viper V10-Powered Chrysler PT 10 Cruiser Pickup Truck for Sale on eBay

07/06/2011 03:16 by admin

Whether you love it or loathe it, Chrysler's PT Cruiser was a running success for the Detroit automaker and over its ten-year lifespan, we saw countless projects cars and tunes based on the retro-styled compact model. However, ask any true Mopar fan what the ultimate modification is for any Chrysler Group model, and you'll most likely get the answer an engine swap with the Dodge Viper's ferocious V10 powerplant.
