

## Wittera Corvette C5 Widebody Kit Introduced

07/06/2011 05:19 by admin

A German tuning company that goes by the name of Wittera comes in aid of Corvette C5 owners who wish to enhance the visual and aero aspects of their sports car. The company, which is known as a registered car maker for sophisticated interpretations of classic cars under the label Retro-Ma.de, has just released a wide body kit for the C5 coupe and cabrio models,

All the components comprised in the kit are made from either carbon fiber or reinforced glass fiber. The parts are tempered in their [...]
