

Project Kahn Announces Davis Mark II Edition Pricing

07/06/2011 12:24 by admin

The latest addition to Project Kahn's offering of tuned Range Rovers is the Davis Mark II limited edition, which brings with it some noteworthy enhancements both inside and out. Based on the 2011 Range Rover Sport powered by a 3.0-liter V6 turbo diesel, the program has first been presented in April. The tuning company has now revealed pricing and additional images of the project.

Exterior styling upgrades include grey floating roof, grey side vents, drilled aluminum Kahn pedals, rear [...]
