

Jay Leno drives the Hennessey Camaro Convertible HPE600 by Hennessey

09/06/2011 17:51 by admin

In the latest episode of Jay Leno's Garage, the late-night talk show host/car aficionado had the pleasure of chatting with John Hennessey from Hennessey Performance about their latest package for the Chevrolet Camaro Convertible: the HPE600.

The HPE600 is powered by a 6.3-liter V8 engine equipped with a TVS2300 supercharger that increases the total output to a total of 602 HP and 605 lb/ft of torque. The resulting boost translates to a 0-60 mph time of 3.9 seconds and a quarter-mile run of 12 seconds at 118 mph.
